5	Pristine, as new, few if any blemishes
4	Excellent condition, few minor blemishes
3	Good, occasional blemish
2	Fair, more blemishes
1	Acceptable, some detracting blemishes

SP-A73	**West Germany:** Very deep blue / black with Coat of Arms 2 pin Davo Standard Album (Vol I) (no slipcase) for 1949-1984 (pp7-89, B1-B13); hingeless with black photos (the prior owner has added black well cut mounts as he acquired the stamps. These black mounts obviously obscure the photos but the relevant stamps could be identified with the aid of any standard catalogue. However, perseverance would be required. From 1949-1967, there is only the odd mount. From 1968-1984, all spaces have black mounts. Photo mounts have been used for booklets & M/S so the photos are obvious. These mounts can be peeled off the pages but do tend to leave a gum mark. If they were overlaid with black Hawid / Prinz mounts (to complement the rest of the album), this detraction would be removed. Condition 1 (because of the above). Very neat & clean.....For the value of the cover alone.	$25.00

SP-A74	**Liechtenstein:** Very deep blue / black with Coat of Arms 2 pin Davo Standard Album (no slipcase) for 1912-1998 (pp1-95 ex pp88-89 (1995), A1-A3, B1-B16, D1-D5, P1-P2); hingeless with black photos for each stamp, M/S (couple M/S pages are without mounts). Inside front cover has auction label remains; outside front cover has signs where adhesive labels were attached (not too distracting & could be perhaps remedied); inside jacket is aged (replace!); backs of the lower right corner of the first 20 or so pages have thumb marks where the prior owner has turned pages & it shows through on the front of the first 2 pages; some insect stains on the first 20 pages). Condition 1 (because of the above). Very neat & fairly clean apart from noted exceptions. If a few pages were replaced, this would be an excellent album. A good building block at a fraction of the initial cost.	$40.00

SP-A84	**West Berlin:** Very deep blue / black with Coat of Arms 2 pin Davo Standard Album (no slipcase) for 1948-1984 (pp1-50, B1-B6); black photos, but no hingeless mounts (the prior owner has added black pre cut mounts as he acquired the stamps, mostly 1967 onwards. These black mounts obviously obscure the photos but the relevant stamps can be easily identified as the mounts are not fully adhered and most should be able to be removed or replaced with care. Booklets have photo mount remainders. There is evidence of hinging of used stamps, but the hinges were peelable and there are no hinge remains. The cover is a little faded and has some surface rubs on the inside front & there are very light pencil prices throughout (will probably come off with a good rubber). Condition 2 (because of the above). A very usable album with a little thought and planning. Black precut mounts would be recommended for a top finish (we don't sell them so no barrow to push!)	$30.00

CATALOGUES

All of these catalogues were purchased NEW by ourselves for internal use and have been treated with care.
Although used, they are all in excellent (many as new) condition.
For catalogues in foreign languages, we use pocket dictionaries for translations which are not obvious.
These are available from bookstores or larger newsagencies for around $6 - $10 each.
Computer users can also purchase professional translation packages and foreign language dictionaries.
However, they tend to be expensive ($200+).
For those with internet access, Google provides a free translation service with its standard search engine.
There are also numerous other foreign language translation services on the internet.

	Australian Commonwealth Specialists' Catalogue	
SP-C3	9 volumes comprising Kangaroos (1999), King George V (2001), King George VI (1995), Queen Elizabeth II (1952-66) (1996), Postage Dues (1999), Decimals I (1966-75) (2002), Decimals II (1975-91) (2002), Decimals III (1992-2001) (2002), Booklets (2003). These volumes maintain a high degree of relevance to the specialist Australian collector despite being over 20 years old. Recent editions have updated new information, corrected errors and omissions, and repriced many items. However, the core information remains unchanged. In very good condition with a couple of loose pages. Original cost for the 9 volumes was around $1000 some 20 years ago so good value at only	$150.00

	Michel Catalogues (in German)	
	Some items have been renumbered to enhance our listing.	
	Currently, there are 10 volumes in this series. The series is not published each year, but across a number of years, when Michel feels a volume needs updating, or collector demand necessitates. Consequently, the series may not exist in a single colour coding. We purchase volumes individually on a needs basis, so our used stock will exist across a number of series colours. Our current catalogues in use consist of parts of the red, green & blue series.	
	They are initial high cost catalogues costing from $120 to $160+ EACH
