GERMANY: ALLIED OCCUPATION

List Structure:
A. Allied Military Post -- 1945-6
B. American, British and Russian Zones -- 1946-48
C. British and American Zones -- 1948-49
D. French Zone -- 1945-49
E. Russian Zone -- 1945-49

POSTMARKS
We do not have the expertise to authenticate the genuineness of postmarks.
We believe them to be genuine but they have not been authenticated.
This is an era for which forgeries abound.
For those customers who wish to have a postmark expertised, they must advise us of such at the time of purchase.
We will then allow a reasonable (not indefinite) time for the expertising process.
All costs of expertising are those of the purchaser.
In the event that the cancel proves to be not genuine, we offer a full money back refund for the item(s) in question. We do not refund postage costs.
Written expertising evidence must be provided to us before a refund is paid.

For the French Zone, we have most of the scarce sets and M/S -- FU.
The cancels are considered genuine but have not been authenticated.
We invite you to make an offer for these items where "offers" is shown in the FU price column.
Sensible offers only please.

To find an item in this list, please use Adobe's powerful search function.

We obtain our stock from collections we purchase.
We do not have a Germany supplier.

We list all items we have in stock, including broken sets, and singles from sets.

Prices subject to change without notice.

USED STAMPS
For this period, used stamps are usually priced substantially more than MUH stamps.
For used stamps, most collectors of Germany want "socked on the nose" cancels to ensure genuineness.
Thus the FU / Used categorisation is problematic.
Fine used stamps have light circular or machine cancels and are defect free.
Used stamps are those with heavier postmark, or minor flaws, eg pulled perf.

Please note that GST (currently 10%) is applicable from 1 July 2000.
International sales are GST free.

The prices in this list INCLUDE GST

All prices are in Australian dollars.
