USED STAMPS
Mint stamps without gum are regarded as Fine Used.
Please see our Terms & Conditions of Sale for comments on Used stamps.

For QV to KGV, cancelled stamps are classified as "used" or "average used". Used stamps are in sound condition, reasonably well centred and have a lighter cancellation. Average used stamps usually have heavier cancels as was the practice of the day. These are the ***NORMAL*** items of the era and the standard accepted by most collectors. They may also be off-centre and scarcer items may have small defects (such as short/ pulled perfs or a tiny tear). Stamps with other defects (such as a thin) are always separately identified. Average used are priced at one half of used, or less. We emphasise again that these are the stamps normally collected. Used copies are most difficult to obtain and hence sell at a premium.

For KEVIII to QEII, used stamps are reasonably well centred, defect free and have light commercial cancellations. The British Post Office will NOT hand cancel mail, philatelic or otherwise. Registered &/or parcel mail yields only a minute percentage of suitable cancellations. Consequently, circular cancellations are difficult to obtain and a number of GB used stamps sell in excess of MUH prices. Collectors who insist on circular cancels can expect to pay premium (FDC) prices on most issues.
We automatically supply circular cancels when available.
