POSTMARK REFERENCE NUMBERS are to the definitive reference work by **Colleen A Woolley assisted by Janet S Eury** titled **"Australian Pictor-Marks: A graphic history of Australia's Pictorial and Commemorative Postmarks" Edition 2, 2013**. Volume 1 1879-1989; Volume 2 1990-2012.
This 2 volume set is an indispensable tool which no serious cover and/or postmark collector can be without.
It is the definitive reference on Australian pictorial & commemorative postmarks.
Annual supplements were issued, however, the book and supplements are no longer produced. Those that were are out of print.
We have retained the old Peck numbers only because they are there. Correctly, we believe, they have been deleted from the 2nd edition of APM as they have outlived their usefulness as a transition to the new APM numbers.

LEGEND

Predecimal covers are addressed unless otherwise indic}
Most are handwritten as was the practice of the day. }
Decimal covers are unaddressed unless otherwise indic} All covers are priced accordingly.
Covers are illustrated unless otherwise indicated. }
Covers with removable light pencil addresses are considered unaddressed.

In the ??	A = Addressed cover	x = FDI
column:	F = First day of Exhibition	P = Plain cover/envelope
	L = Last day of Exhibition	U = Unaddressed cover
	M = Mint
