USED STAMPS

Used stamps are those with heavier postmark, or minor flaws, eg pulled perf.
(Fine) Used coil stamps with number underprint may only show a partial number.
Where the catalogue value for Used exceeds that for Mint, MNG is priced below Mint.

DEFINITIVE STAMPS

Most German definitives are issued principally in coils (rolls), but may also be issued in sheets, sheetlets & booklets.
Roll stamps, which are vertically delivered, may be identified by vertical pairs, strips or their number underprint.
Horizontal pairs identify that the stamp comes from a sheet or sheetlet.
Booklet stamps are issued in combinations with or without straight edges.
Not all of these formats are used for each issuance.
On some occasions, sheet stamp are much scarcer than roll stamps, hence the high price for horizontal pairs.

Please note that GST (currently 10%) is applicable from 1 July 2000.
International sales are GST free.
